

ISO 14001:2004
Understanding & Internal Auditing Course Environmental Management System

Objective

- Day 1: The Objective of this course is to provide knowledge and practical skills for auditing environmental management systems as per the requirements of ISO 14001:2004
Day 2: This seminar is designed to impart auditing skills and knowledge to internal auditors who seek to assess and improve their Environmental Management System

Who should attend?

Internal auditors from organisations implementing or certified to ISO 14001 with or without ISO 9001 or EHS auditing experience. This course assumes participants have at least a basic understanding of ISO 14001:2004

Key Topics

- Review of ISO 14001:2004 requirements
Understanding environmental aspects, impacts and their significance
Define audit scope, frequency, methodologies, responsibilities and requirement
How to carry out documentation review, interviews and site inspection
Preparation of audit reports
Practical exercise (audit a selected department for in-house programme, visual audit for public programme)

Why Certification International ?

- The workshop is lead by an experienced and qualified QMS certification auditor, with valid credentials as IRCA (UK) Lead Auditor
Presenter has assisted & educated many organizations successfully achieve ISO 9001:2008 as well as Singapore Quality Class (SOC) status which comprises government-linked and small & medium companies
Provide participants with understanding of QMS from an auditing perspective using actual live audit cases
Certification International has been conducting training courses since 1996 and has trained thousands of people from many different Industries

Certification International is an independent third party certification body for the assessment and certification of organisations to internationally recognized Management System Standard such as ISO9001; ISO14001; ISO22000; ISO27001; OHSAS18001; SS506 part 1 & 3; SS524; HACCP; SAC HACCP Doc 2; TS16949; GDPMDS, SS540, etc.
